

Attention:

Show and tell will begin next week. Show and tell is one important way for me to assess each child's oral communication. Each child will be assigned one day to bring show and tell. The item they bring must begin with the letter of the week. Next week (September 28-October1) we will be focusing on the letter Mm. The week of October 4-8 we will be focusing on the letter Tt. Future letters will be included on the snack list beginning in October.

Please do not send any breakable items. We are little people and accidents happen frequently.

It is expected that your child practices at home what they are going to share. They are required to use complete sentences. They should name the object and tell something special about it.

If we miss school on your child's assigned day, they may bring their show and tell any day that week.
